COLOR DESCRIPTION
The post card we want should be like the attached sketch. That means that the City of Cairo must be made to occupy almost all of the tip end of Illinois. Also the legend at lower right hand of original negative must be left off as the bridges are already built. Also the upper part of picture may have to be made more distinct as it is now sort of hazy. Also the lettering on sketch such as Ill. Ky. Mo., Ohio river etc.) must be marked in.

Regarding C5 you have a drop in the roadway of this picture at bridge. This road is perfectly straight. These 3 pictures are not put together right. We sent you last time a card showing you just exactly what this roadway looks like. You improved the Chimney Tops in the distance but the incline of the road is entirely wrong. Please send corrected proof.
